Dear Donald,

I wanted to drop you a note to thank you and your company for making it so trouble-free to move our office and pre-press departments. This was a huge move for us from an equipment standpoint, and while we concentrated on the presses and bindery equipment, your service took all the worry out of moving the office areas. Your staff was timely, courteous and more than helpful. All furniture, files and fixtures were handled with care and efficiency. The follow-up to the one issue that did occur was also exemplary. You can be very proud of the job done by your employees.

I would be glad to share this experience with any future prospective customers that might have questions. Please feel free to give them my number.

Thank you, again, for a job well done. Next time you're in Milwaukee, please stop in for a tour of your old facility. You will be amazed at the changes we have made.

Sincerely,

Tim Burton
President
